FROM: [Project Engineer's Name/Company]

RE: Engineering/Construction Verification for the following project:
Project Name: _____
Section _____, Town of _____
Storm Water Permit # _____
Storm Water Management Practices: _____

This correspondence shall serve as verification that the storm water management practice design data presented in Exhibit D, and the "as-built" construction drawings presented in Exhibit E for the above-referenced project have been completed in accordance with all applicable state and local technical standards and in accordance with the Waukesha County Storm Water Management and Erosion Control Ordinance.

[Must include one of the following two statements:]

Any variations from the originally approved construction plans are noted in the Exhibit E. These variations are considered to be within the tolerances of standard construction techniques and do not affect the original design as presented in Exhibit D in any way.

[Note: The County may request additional documentation to support this statement depending on the extent of deviations from the approved plans.]

Or

Any design or construction changes from the originally approved construction plans are documented in Exhibits D and E and have been approved by Waukesha County.

[Note: If warm season and wetland planting verification is required, it may be included in this exhibit.]
